Oyster Risk Profile

Area of research interest: Research projects
Planned completion: 20 November 2023
Project status: Completed
Authors: Food Standards Agency
Conducted by: Food Standards Agency (for UK Office for Sanitary and Phytosanitary Trade Assurance)
Date published: 20 November 2023

The oyster risk profile is the first of a number of potential risk profiles that the FSA may be commissioned to carry out on behalf of the UK Office for Sanitary and Phytosanitary Trade Assurance (UK SPS Office) to inform the potential risks associated with different POAO commodities imported into GB from any trading partner.
